Make your storefront shine with our digital totem today!

## Key uses

Capture attention

Promote

Inform

Wayfinding

Strengthen  
brand image

## Advantages

### Reliable

A totem designed to last over time, with high-quality components.

### Belgian manufacturing

Designed and assembled locally, for better quality control and responsible production.

### Customizable

Colors and finishes customizable from 5 units onwards, for perfect integration into your environment.

### High contrast

For optimal readability and accurate color reproduction.

Equipped with high brightness and an efficient ventilation system, it captures attention while ensuring reliable performance.

*Available in two different screen sizes: 46 inches and 55 inches*
